Leatherstone

This distinctive, hard limestone is suitable for a range of interior applications. The rich brown colour has been long sought after and makes a welcome addition to our portfolio of over 150 stones.

Leatherstone is supplied with a satin finish and is available in 400x400mm, 600x400 and 600x600 tiles or in slabs for cut to size stonework produced at our London factory.

Whatever your stone requirements, it is worth contacting us. We are specialist importers of stone for flooring and bespoke stonework of all kinds. Visit our London showroom and appreciate at first hand the full character of our stone collection.
